DUE DATE: Presentations Mon. May 1 through Wed. May 10, 2017.

Description: The e-portfolio assignment is the final presentation and culminating assignment for the semester. Your portfolio will be a collection of a few of the assignments completed over the semester that you present to the class in an e-portfolio format.   Your e-portfolio will include portions of at least three (3) of the assignments completed in class.   Your presentation will be approximately ten (10) minutes.

The e-portfolio will allow you to create or copy and paste different documents, pictures, videos, etc. that reflect what you have learned over the semester about yourself and your journey as a college student.

The topic and guiding prompt for this assignment is: "Who I Am Today and Who I Am Becoming".

Include a paragraph or two of your writing or summaries of written reflections to help you identify and share information. Consider using the "WHO I AM" reflection found at the end of the assignment prompts to consider including in your portfolio introduction.
