

Executive Summary/ Abstract

Assignment Purpose

The purpose of this assignment is to summarize the reasons for adopting your HR resources in your company, and to give an overview of the company, along with a new mission and slogan.

Directions

Write an Executive Summary. Think of it like an abstract for an APA paper. It could be the only thing the reader reads of your final written paper. So, make it short yet impactful.

Your summary should include:

- A clear statement of at least 3 goals for an HR department to meet the changing needs in human resource management;
- A clear explanation of the reasons for these 3 goals; and
- A description of how you would lead a HR team toward these goals.

Please use proper APA formatting.
