Student Accounts

| PAYMENT SCHEDULE |
|--|
| Tuition and applicable fees are due and payable on a semester basis, prior to the following deadlines: |

| | |
|------------------|-------------------|
| All campuses: | |
| Fall semester: | August 1, 2012 |
| Spring semester: | December 15, 2012 |
| Summer semester: | May 2, 2013 |

Students not adhering to these deadlines may be administratively withdrawn from the College. For students with outstanding balances, the College reserves the right to refuse:

- official transcripts,
- diploma certifying graduation,
- letters to complete board examination certification, or
- registration for any additional coursework.

| LATE FEES | |
|--|-------|
| A late payment fee will be assessed for all outstanding balances immediately following the due date. | |
| Late Payment Fee | \$500 |
| Late Registration Fee | \$150 |
| Returned Check Fee | \$100 |

The College reserves the right to adjust these fees in accordance with possible rate changes.

Make a Payment

Students and families have the convenient option of making online payments at www.mcphs.afford.com. To do so, click on the "Make a Payment" option and then follow the appropriate prompts. In addition to making credit card payments online, students and families can also pay using a checking or savings account.

Payment Plans

Students in good financial standing interested in spreading out their educational payments across several months may utilize the services of Tuition Management Systems (TMS). You may contact them directly by calling 800.722.4867 or by visiting their website at www.mcphs.afford.com. TMS is not available for the summer semester.

College Withdrawals, Drop/Add Period and Refunds

The following graduated scale of charges for tuition and residence hall fees is used for purposes of determining refunds for students withdrawing entirely from the College during the semester.

| PERIOD OF ATTENDANCE | Refund |
|---|--------|
| Drop/Add period | 100% |
| First week after the Drop/Add period | 50% |
| Second week after the Drop/Add period | 25% |
| Third week and beyond after the Drop/Add period | 0% |

Students who withdraw from the College must contact Academic Support Services at the time of withdrawal and complete an official form. Approved refunds are computed on the basis of the date appearing on the form. Absence from class without completing the form does not constitute withdrawal from the College.

Drop/Add Period

During the Drop/Add period, courses are fully refundable for a course withdrawal. Tuition accounts are adjusted automatically, and any additional charges must be paid at the time of the transaction. After the Drop/Add deadline, there will be no tuition refund for individual course withdrawal.

Refunds

Student refunds are available 1–2 weeks after the Drop/Add period. Student refunds will be issued via direct deposit into a student's checking or savings account. Students should enroll through WebAdvisor. For questions about direct deposit, enrollment or terms and conditions, please contact Student Financial Services.

| | |
|---------------------------|---------|
| HEALTH INSURANCE Per Year | \$1,997 |
|---------------------------|---------|

Health Insurance Policy

According to the Commonwealth of Massachusetts and MCPHS policy, all Boston, Worcester and Manchester matriculated students (regardless of enrollment) must be covered by a comprehensive health insurance program. The College makes available a general health insurance program that meets these standards. This policy is provided by an independent carrier beginning September 1 and continuing 12 months. Students will be automatically enrolled in this plan unless an electronic waiver is processed and received by Student Financial Services prior to August 1. Instructions for electronically completing the waiver will be sent with the fall semester billing and will also be posted on our website at www.mcphs.edu. Students registering late must complete the electronic waiver at the time of registration. The waiver stipulates that personal coverage will be maintained during the enrollment period. If Student Financial Services does not receive the electronic waiver prior to August 1, the student will be billed for the insurance premium and will remain responsible for said premium. The waiver must be processed annually.
