

This will be a power point presentation I would need it in power point slides and a copy in word.

Follow the directions below or if you have any questions ask me please

Each student will be responsible for providing a *not to exceed* 10 – 15

Penalties will be assessed if presentations exceed 15 minutes.

You will be graded in the following manner:

- Were each of the prompts and talking points covered? 25%
- How successful were you in covering each of the prompts (no double penalty)? 25%
- Did the structure of your presentation (intro, segues, main points, conclusion) make sense? 25%
- How polished was your final presentation, e.g., any awkward pauses, silences, filler words? 25%

Topic: Health Care Financing

This topic ties into non-economic or quasi-economic barriers to obtaining healthcare. 5 well-documented non-economic or quasi-economic barriers to healthcare are as follows:

- Race/Ethnicity
- Culture/Language/Acculturation
- Sex and Gender
- Education
- Resource Availability/Performance.

Providing your citations, describe 3 (three) of these and give examples of how they may manifest themselves. (hint - you can likely look at multiple 'P' point of views for this one, e.g., patient, provider, payer).
