

ACC 205: INTRODUCTION TO BUSINESS LAW Fall 2016

Group Project Assignment Part III

Answer the following question and provide the necessary information. Answers must be typed and must use proper grammar and spelling. Please include the question at the top of each answer so it is clear what question or statement you are addressing. This part should be approximately 3 pages single-spaced, though it may be longer depending on the industry and business. If it is shorter than 3 pages, you probably are not doing a thorough enough job. Please review the Assignment Overview and Instructions for further details.

I) Torts and Crimes

- 1) While I hope it is safe to assume that your business will not intentionally engage in any **illegal** activity, all businesses have some concern for illegal activity done to them or by their employees. Discuss any risk of criminal activity in your business and how you might take steps to protect your business from liability.
- 2) While I hope it is safe to assume that your business will not intentionally engage in any **tortious** activity, all businesses have some concern for torts activity done to them or by their employees. Discuss any risk of tort or negligence in your business and how you might take steps to protect your business from liability.

II) Agency and Employment

- 1) Discuss your organization structure (org chart). How will you divide duties amongst leadership? How will you structure your operations?
 - a) You may include an organization chart outlining your employment structure, executive agreements, etc.
- 2) Discuss your approach to workers in your business. Do you expect to hire employees or independent contractors? What steps will you take to ensure your workers are properly classified?
- 3) All businesses must comply with many employment laws. Given the nature of your business, discuss which employment laws are of most concern to you (safety laws, financial laws, etc.) and how you plan to protect yourself against liability.
