

CONGRUENT TRIANGLES

Portfolio Project: Exploring Congruent Triangles

Criteria (Weight)	Excellent (4)	Good (3)	Fair (2)	Poor (1)	Points Awarded
Reasoning and Communication (x1)	The student provides a clear, logical, and precise explanation of his/her reasoning and planning.	The student provides an adequate explanation of his/her reasoning and planning.	The student provides a partial explanation of his/her reasoning and planning.	The student provides a limited explanation of his/her reasoning and planning.	/4
Modeling and/or Use of Tools (x2)	The portfolio project demonstrates excellent modeling and/or use of tools.	The portfolio project demonstrates adequate modeling and/or use of tools.	The portfolio project demonstrates some modeling and/or use of tools.	The portfolio project demonstrates little or no modeling and/or use of tools.	/4
Presentation (x1)	The portfolio project demonstrates a fully developed understanding of computing area and perimeter.	The portfolio project demonstrates an adequate understanding of computing area and perimeter.	The portfolio project demonstrates a basic understanding of computing area and perimeter.	The portfolio project demonstrates an inaccurate understanding of computing area and perimeter.	/8
