
Cluster 1: Workplace Assignment

This assignment will contribute to your final result for the following two (2) units:

- CHCDIV001 - Work with diverse people
- CHCDIV002 - Promote Aboriginal and/or Torres Strait Islander cultural safety

Before completing and submitting this assignment, have you:

- ☐ Accessed the learning resources in Step 1?
- ☐ Watched the presentation for this cluster?

What you have to do

In this assignment, you are required to research two (2) organisations and follow the instructions provided below.

How you will be assessed

These units are competency based. In order to be deemed competent in these units you must satisfy all elements specific to the units and the essential knowledge and critical aspects of assessment in a range of situations. The assessment has been developed to cover these criteria and your OTEN teacher will review all your work and assess your overall result to deem you competent.

Please reference your work. Referencing guides are available in the *Guidelines and information* area on the OLS.

Task

You are required to research two (2) organisations or events specifically set up for Aboriginal and/or Torres Strait Islander people. (There is a list of suggested organisations/events at the end of this assignment.)

You must:

1. Include a comprehensive description of what services are currently provided by the agency or event.
2. Outline the historical reasons for the development of the service.

-
3. Clearly describe how cultural safety issues are:
 - identified and
 - modelledin the service/event planning and delivery.
 4. Suggest how the event/service may improve cultural safety.
 5. How and by whom are these organisations funded? Are they still in operation? If not, why not?
