

Review the **Security, Netiquette, Privacy and Ethics Lecture**

**Notes (PDF)** presentation here in Moodle and Our Digital World Chapter 8 and write at least two pages of content summarizing four (4) security threats and four (4) methods to prevent security threats that you are writing about. In addition to the two pages of content, your paper must have a cover page, abstract (with key words), and citations. These slides cover the topics discussed in Our Digital World Chapter 8 and will help you to think about the content of your term paper.

Security threats can be identified with a number of topics: computers, cars, games, electronic devices, etc. There is a wide number of areas to research.

Grading:

1. Create a one paragraph abstract, which is an overview of the paper. Be sure to include some key words. (up to 4 points)
2. Inclusion of four (4) security threats (paragraph form) (up to 8 points)
3. Inclusion of four (4) prevention methods (paragraph form) (up to 8 points)
4. Use double-spacing in the document. (up to 5 points)
5. Use of ruler bar to indent all paragraphs 0.5 inches. (up to 5 points)
6. Follow APA guidelines and add a running header on each page (the running header contains the title of the paper and page number - see APA Guidelines link below) (up to 5 points)
7. Per APA Guidelines, add a Title Page to the beginning of your paper (title page contains the title of your page, your name and your college name, centered vertically and horizontally on the page). (up to 5 points)
8. Integrate and cite external resources and include at least 3 online references you find on your own in the paper. List them on a References page at the end of the document in APA format. (up to 5 points)

Below you will find several links that contain information about APA formatting. You should review the "Sullivan" link because at that link you will see an example of how your term paper should be formatted.

**In addition to these links, refer back to your textbook, Word Chapter 3. In that chapter you formatted a document in MLA format. The steps are the same. Simply make sure that you select APA in the styles section of the Reference tab.**
