Grading Rubric for PowerPoint In Class Presentation

Points	Criteria	Criteria	Criteria	Criteria	Criteria
Full Credit	Appropriate use of skills, tools, and features to efficiently complete the project.	Assignment turned in on time.	Solution is clear and well organized. Contains no errors in spelling, grammar, or style.	Formatted and arranged to present information clearly and emphasize important details.	Creatively done and well organized.
Partial Credit	Some appropriate use of skills, tools, and features to complete the project, but not efficiently applied.	Assignment turned in late.	Solution is somewhat unclear and unorganized. Contains some errors in spelling, grammar, or style.	Format and arrangement of information is not always clear and does not emphasize important details. Overuses some features, making information difficult to understand.	Creatively done but not organized.
No Credit	Inappropriate use of skills, tools, and features. Project is incomplete.	Assignment is 2+ weeks late.	Solution is unclear and unorganized. Contains excessive errors in spelling, grammar, or style. Does not solve the criteria.	Format and arrangement of information is not clear and does not emphasize important details. Overuses features, making information difficult to understand.	Not organized.
