

Unit 9 Assignment

Unit outcomes addressed in this Assignment:

- Identify current software applications and services available to the healthcare provider that can save time, money, and access to quality healthcare which lends to patient safety.

Course outcome(s) assessed/addressed in this Assignment:

HI300-6: Describe the use of electronic health records in patient care.

Instructions:

For this Assignment you will explore Practice Fusion, a free Web-based EHR. You will visit the Practice Fusion website below and create your own free EHR account. **You will find instructions in Doc Sharing in your course on how to create your own student account in Practice Fusion.** Follow those instructions and once you gain access to the EHR, you will be able to complete the Assignment.

Write a paper that answers the following questions in paragraph format:

1. Describe your experience with the Web-based EHR.
2. What set of standards would apply to the Web-based EHR in acute or ambulatory care settings? Your response should be based on what you know about standards and regulations for EHRs or electronic information systems.
3. Discuss the possible challenges one would face to convince healthcare providers to use this type of EHR.
4. What features did you see in the EHR that were helpful? How could other facilities benefit from these features?
5. What impressed you about the Web-based EHR?

Requirements:

- The Assignment should be two to three pages in length, prepared in a Microsoft Word document.
- Follow APA style format and citation guidelines, including Times New Roman 12 point font and double spacing.
- Include a title page and reference page. Length requirements do not include the title page, and the reference page.
- This Assignment should follow the conventions of Standard American English featuring correct grammar, punctuation, style, and mechanics.
- Include at least three references. The course textbook counts as one reference. All sources must be scholarly. Wikipedia is an example of a resource that is not acceptable. Use APA style for all citations including course materials.

- Your writing should be well ordered, logical, and unified, as well as original and insightful.

Submitting your work:

Submit your Assignment to the appropriate Dropbox. For instructions on submitting your work, view the Dropbox Guide located under Academic Tools at the top of your unit page.

Please be sure to download the file “Writing Center Resources” from Doc Sharing to assist you with meeting APA expectations for written Assignments.

Unit 9 Assignment Grading Rubric = 75 points

Assignment Requirements	Points possible	Points earned by student
Outlines experience using the free Web-based EHR	0–15	
Justifies the reasoning of standards for the electronic health record	0–10	
Explains the interesting features of the EHR	0–15	
Explains the features of the EHR worth sharing with other providers	0–15	
Discussed the challenges faced from providers about this type of EHR system	0–20	
Total (Sum of all points)		
Points deducted for spelling, grammar, and/or APA errors. (See Writing Deductions Rubric in Doc Sharing)		
Adjusted total points
